Dear Year 9 Student,

## **Your Personal Learning Record (PLR)**

When you turn 14, a Personal Learning Record (PLR) is created for you. This is an online record that keeps track of your qualifications and achievements throughout your education. It's managed by the Learning Records Service (LRS), which is part of the Department for Education (DfE).

To set up your PLR, you'll be given a **Unique Learner Number (ULN)**. This is a 10-digit number that's unique to you and is created while you are in Year 9. Every time you are entered for an exam, your ULN will be used to link your results to your PLR, so all your achievements are recorded in one place.

### **Why this matters:**

- Your PLR helps colleges, training providers, and employers see your qualifications.
- It stays with you throughout your education and training.

### **What you need to know:**

- School will share some of your personal information with the LRS to create your ULN and PLR.
- We've attached a **Privacy Notice** that explains how your data is used and protected.

Please could complete the reply slip below to confirm that you have read the attached Privacy Notice, and return it to your form tutor by **Monday 6 October**. If you have any questions, please speak to Mrs Markham, Data Manager & Exams Officer, or email us at [office@westcraven.co.uk](mailto:office@westcraven.co.uk)

Yours sincerely,

Mr J Bates  
Principal

This notice summarises the information held on record about them, why it is held and the third parties with whom the data may be shared.

## Privacy notice for pupils, students, learners, and trainees

The information you supply is used by the Learning Records Service (LRS). The LRS issues Unique Learner Numbers (ULN) and creates Personal Learning Records across England, Wales, and Northern Ireland, and is operated by the Department for Education (DfE) in England. This privacy notice explains how we use your personal information. For the purposes of relevant data protection legislation, the DfE is the data controller for personal information processed.

## Who we are?

The LRS supports the DfE by collecting learner information from training providers and awarding organisations. For the purposes of relevant data protection legislations, the DfE is the data controller for personal information we process.

## How we will use your information

We receive your personal data from:

- schools, colleges, local authorities, and training/learning providers
- accredited achievement data supplied by awarding organisations

The aims of LRS are to:

- create a trusted and verified record of learning for citizen across England, Wales, and Northern Ireland
- enable education organisations to access these records when required to support individuals with enrolment to education and careers advice, ensuring they get access to the correct education and government funding
- issue you with a Unique Learner Number (ULN)
- create your Personal Learning Record (PLR)
- collect entries and results data that is used to create national statistical publications

## The nature of your personal data that LRS will process

The categories of personal data that can be processed in LRS includes:

- personal contact details
- data related to an individual's learning
- data and information about your learning, including courses and qualifications you are taking or have taken

To ensure that our records are accurate, it may be necessary for training providers to collect further personal information from you. This information will be used to identify the correct learner where their personal information is similar to other learners (e.g. name(s) and date of birth):

- where further information is required to distinguish between learners, the following personal information is deemed as mandatory:
- last known post code

- date of birth
- gender

## Why our use of your personal data is lawful

For our use of your personal data to be lawful, we need to meet one (or more) conditions in the data protection legislation. For LRS, the relevant conditions are:

- Article 6(1)(e) UK General Data Protection Regulations (GDPR), to perform a public task as part of our function as a department

We also rely on legitimate interests, where we may need to collect additional personal information, to distinguish you from another individual. This is:

- Article 6(1)(f) of the UK General Data Protection Regulations

## Who we will make your personal data available to

We sometimes need to make personal data available to other organisations. These might include contracted partners (who we have employed to process your personal data on our behalf) and/or other organisations (with whom we need to share your personal data for specific purposes).

Where we need to share your personal data with others, we ensure that this data sharing complies with data protection legislation. For LRS we share your personal data with the following:

- schools, colleges, local authorities, and training/learning providers when you enrol onto a course
- awarding bodies to record achievement/attainment information such as exam or course grades
- permitted organisations such as Federation for Industry Skills & Standards (FISSS) and Universities and Colleges Admissions Service (UCAS) to record or verify individual's qualifications

## How long we will keep your personal data

The PLR is a lifetime record of achievement for all learners.

All data in LRS will be retained until a learner is 80 years old and has not engaged with a learning provider for 7 years.
