

# WELCOME TO CREATIVE ARTS

The Creative Arts department consists of four subjects:

- Art
- Design Technology
- Food Technology
- Music

You will have one lesson per week of each of the subjects in Creative Arts

When you start at West Craven High School we will introduce the subject to you. This is to help you to get a better understanding of what it is.

We will explain the break down of the year and what you will be completing, for example:

Term 1:

Art	Music	Design Technology	Food Technology
What is Art	Music Elements	Health and Safety/ Design and make a pull along toy	Health and Safety / Healthy Breakfasts
Looking into "What is Art " and exploring careers in Art and Design	We will explore the elements of music pitch, volume, dynamics and tempo. You will use a variety of instruments	You will become a health and safety officer. You will design and make a pull along toy.	You will create healthy breakfast dishes and identify the health and safety concerns and risks in the kitchen

Mrs H Whittle  
Head of Creative & Vocational
